

withdrawn from the market here as early as they have not cleared lands at a chance rate. The Export demand for American cotton in port has declined, has continued also during this month, and abated to the excellent steadily existing conditions, on the other hand, there has been but no substantial buying, having operated only for immediate use, and therefore our present situation, in most instances, passed prospective sales, must be considered pretty nominal.

The arrival of the *Real Julia*, amounting to 14,292 bales on one July only, will be the largest lot of cotton ever received here, and as such to second hands, it is quite probable, a further advance upon present high rates is not impossible, especially if the cotton continues to meet regular and further orders to arrive have been made up to 25¢ per lb. The principal speculative transactions have taken place in Donkai for arrival up to 1924, per lb. in Egyptian, in America, having a large portion of goods to come in 1924, and in Mexican.

Domestic Wool has fully participated in the general advance. Saxony, Laid Highland has been sold at as high as 16¢ per stone of 24 lb.

In Sheepskin most business has been done at better prices than in previous months.

Liverpool, 7th Oct 1922

The imports above the 6th at amount of 2000 bales—about one half of which is in the hands of the market, and the 4th, also, a large speculative demand has sprung up for all kinds of wool and considerable sales have been made in consequence. Last week's market and upward of all kinds of wool in advance of 10 to 10¢ per lb. This speculative demand has been due to the market, along with the general advance in the cotton market, which has been the cause of the current market. Wool however remains, that so far the Trade has taken very little at the highest rates. The inspection however is very strong, and most advanced.

Cotton has been in good demand for the American market, up to 124 lb.

Sheepskins. The skins in wool have been a better demand and the business has been done at a small advance.

Merino washed 14 to 15 1/2 per lb.

Merino 4 to 15.

4 to 15, and 15 to 18 1/2.

Common washed at 8 1/2 to 10.

Unwashed 4 to 6 1/2.

Ordinary unwashed 11 to 12.

Liverpool, 7th October, 1922. There has been a continued steady demand for River Plate mail. Since the month, our market has been a fully maintained, showing heavy O. X. 100, as heretofore, on the work in request, but neither more attention is now also given to Light O. X. and Cows. The market is well advanced on the light of the general activity of the market, which is partly owing to the absence of fresh arrivals.

The sales of the month comprise 4,400 bales River Plate mail, 2000 bales Rio Grande O. X. and Cows. The following is a summary of the sales: Heavy O. X. 50 to 60 lb. at 6 1/2, per lb. 2000 bales, light O. X. 40 to 50 lb. at 5 1/2, per lb. 2000 bales, light O. X. 30 to 40 lb. at 5 1/2, per lb. 2000 bales, light O.
